SKILLS

Languages

C++, Java, Kotlin, TypeScript, Python

Frameworks

React, React Native, Angular, GraphQL, RxJS, Godot

WORK EXPERIENCE

Software Engineer | *Meta Platforms Applied AI*

New York, NY - May 2026 - Present

- Create expert-level tasks that frontier models struggle to solve, used by research scientists to benchmark and improve models
- Game Dev track: build production-ready Godot games (web, native, macOS) in a team to create high-quality, real-world tasks
- Multi-turn Terminal Bench: built 20+ tasks where difficulty compounds across 2-3 steps

Software Engineer | *Meta Platforms Reality Labs*

Seattle, WA - August 2022 - May 2026

- Led the Horizon Media Player revamp using React for Quest VR devices, improving user engagement and playback performance
- Built VR calling and real-time avatar data pipelines (C++, Java/Kotlin, GraphQL)
- Developed Co-Presence for avatar interaction in virtual homes with real-time device sync
- Owned SEVs end to end, driving cross-team root-cause analysis and triage

Software Development Engineer | *Amazon AWS*

Toronto, ON - May 2021 - June 2022

- Led migration of DocumentDB CloudFormation resources, improving scalability, speed, reliability and code readability
- Developed and maintained performance analysis dashboard using REST APIs, ensuring customer database performance impact remained under 2%

Angular Developer | *Tyler Technologies*

Toronto, ON - May 2020 - August 2020

- Migrated legacy admin services and pages to Angular 8 (RxJS) and C#, delivering a modern Material Design admin UI

Software Developer | *Camis Inc.*

Guelph, ON - January 2020 - April 2020

- Designed and built a new mobile app using React Native and Redux, tailored to client needs
- Developed and maintained a camping-booking website using Angular 8 and RxJS

EDUCATION

Bachelor's Degree in Computing - September 2016 - May 2021

University of Guelph, Ontario, Canada

- Major in Computer Science and a minor in Mathematics
- Graduated with Honours and a Co-op certification which included 6 work terms
